30 DAYS OF CODE (Frontend)

DAY 15:A social media dashboard

Description:

Your challenge is to build out this landing page and get it looking as close to the design as possible.

You can use any tools you like to help you complete the challenge. So if you've got something you'd like to practice, feel free to give it a go.

The only JavaScript required is for the color theme toggle.

Your users should be able to:

View the optimal layout for the site depending on their device's screen size

See hover states for all interactive elements on the page

Toggle color theme to their preference
